Profile

I am a recent front end engineering graduate from The Iron Yard Orlando. I started my career as a delivery driver, but I have always had an interest in technology. With that interest, I felt it was time to change careers and pursue something that I would enjoy. I am currently looking for a job that will challenge me and help develop my current skills along with opening the door to learn new skills. I am willing to relocate for the right job position.

Skills

Javascript

- Javascript
- JQuery
- AngularJS
- Lodash

HTML/CSS

- Sass
- HTML5
- CSS3

Scaffolding Tools

- Gulp
- NPM
- Github
- HTML5 Boilerplate
- Yeoman
- Bootstrap
- Git
- Bower

Firebase

I used firebase as a back end database for my projects.

Certificates

- A+ certificate
- N+ certificate

Work Related

- Time Management
- Quick Learner

Experience

DRIVER, SYSCO; LITTLE ROCK, AR / WEST PALM BEACH, FL – 2008-2014

- Kept good time management by delivering products within assigned route schedule and time windows.
- Verified delivery of items with customer and obtained proper signatures.
- Collected money (cash or checks) where required, and recorded and turned in all funds collected daily.
- Performed pre-trip and post-trip responsibilities in accordance with Department of Transportation (DOT) regulations and Sysco policies and procedures.

- Maintained and safely operated all assigned equipment, including but not limited to hand cart, pallets, load bars, STS unit, and personal protective equipment.
- Responsible for safe unloading of product and safe placement in designated customer storage areas.

ORDER SELECTOR, SYSCO; SUFFOLK, VA / TAMPA, FL / LITTLE ROCK, AR – 2005-2008

- Worked rapidly at a constant pace for the entire shift, in a fast paced environment.
- Maintained and safely operated all assigned equipment, including but not limited to pallet jack, SOS unit, and personal protective equipment. Performed pre and post-trip inspections, and safely operated all mechanical equipment.
- Hand selected orders within various warehouse environments of fluctuating temperatures, including Dry, Cooler, and Freezer.
- Followed SyscoSafe preferred work methods at all times, and immediately advised supervisor of any unsafe conditions.

Education

The Iron Yard, Orlando, FL – Front End Engineer, 2015-2015

Campbell University, Buies Creek, NC – 2004-2004

Virginia Commonwealth University, Richmond, VA – 2002-2003
